

Seeking The Face of God

Prayer Guide

Week 50

The Determination to Seek His Face: Willing to Pay the Cost

Such people may seek you and worship in your presence, O God of Jacob.

Psalm 24:6 (NLT)

Prayer Focus: Having the determination to seek the Face of God means that you have determined in your own heart and mind that you are willing to pay the high price to continue this pursuit. Psalm 24 mentions just a part of that price. Hands and a heart that are pure. This means that I am constantly diligent to watch over the heart intentions as well as the actions of my life. I have determined that seeking the Face of God is more important to me than the transitory earthly distractions that cause me to step aside from the path of purity. Who does not worship idols. Again here we are confronted not with the little images we usually think of, although in some cases this is applicable. Our idols take on other forms. Leisure time, new clothes, elegant furniture, a new car, whatever takes the place of God being first place in our lives is an idol. Again, this means constant diligence to watch over our lives. The cost is high to seek the Face of God, no doubt. But the reward of finding Him in all of His glory is the reward that is beyond measure or comparison to the cost. Continue to seek.
